 Roadways adjacent to CIA Headquarters
 at Langley
 Fairfax County

Mr. James H. McDonald
 Associate Deputy Director for Administration
 Central Intelligence Agency
 Washington, D. C. 20505

Dear Mr. McDonald:

Thank you for your letter of April 21 regarding the proposed improvements for Route 123 connected with your expansion program which includes off-site road improvements. I have instructed Mr. Shaver to proceed with the completion of the road plans for this project and our consultant, Dewberry & Davis, will be furnishing him shortly a revised schedule showing the time required to complete the design effort.

This project has been a concern of the community through which it passes, however, I feel your agency and the department have been responsive to these concerns. The majority have been resolved without jeopardizing the integrity and safety of the proposed road improvements.

Kind remarks regarding the staff and our consultant are appreciated and will be conveyed to them.

Sincerely,

Ray D. Pettitel, Commissioner
